Humble, intimate...larger than life.

Our Story

Founded on the belief that technology can live in harmony with creativity, North Avenue Studios is a privately owned building located in Orange City, Florida, about 30 minutes east of Orlando.

Boasting world class studio design specs, a comprehensive selection of some of the best gear on the market and a staff of talented professionals, North Avenue Studios offers a perfect blend of modern recording science, design and relaxed productivity. We believe in making each and every project excel to its full potential; recognizing the need to take care of our clients, deliver quality service and produce an industry competitive product.

At its core, North Avenue Studios is built upon an insatiable drive for producing and nurturing quality sound within an atmosphere of excellence.

Off the Avenue HD Live Video Series

Off the Avenue is our trademark live in-studio video series. This project address the need to produce high quality video suited perfectly for today's demand for internet content. We do realize it gives the artist a serious edge as a promotional tool.

In addition to our world-class recording services, we offer high definition video recording services for live in studio performances using the latest video recording techniques. Please visit www.offtheavenuetv.com for more information and performances.

Creative Business Ventures - A cut above the rest...

Aside from our standard of excellence and ambition, North Avenue Studios proudly develops creative ideas that break beyond the boundaries of its studio walls. North Ave works with its community, to develop new ways of involving the artist, the investor, local and national businesses, as well as other industry professionals. For example, we are currently developing our "**Mobile Media Mansion**" project to develop a means of bringing a creative marketing and education tool to the audience - a very valuable asset to both artists and companies alike. We are very excited to consider and work with outside investors to make these projects a reality. If you would like to learn more on how to get involved, please visit www.northavenuestudios.com or contact lee@northavenuestudios.com for more information.
